or e-mail
training@brooksandkirk.co.uk

The easy to follow course has been broken down into bite sized pieces and is aimed at professionally expanding your knowledge in the following four key areas

- Know how to define the term dementia
- Understand how to support and care for individuals with dementia
- Understand roles, responsibilities and boundaries when caring for individuals with Dementia
- Understand legislation and guidance relevant to the care of individuals with dementia.

Brook and Kirk are also able to offer a full range of in-house courses including our very popular

Professional Boundaries

a must for any professional working with the elderly or vulnerable
